Hello, CSD Seniors!

I am writing to you today to request that you complete the **2021 CSD Senior Exit Survey**. This is how we know which portions of our UG program are doing well and which portions should be improved. The collected survey results will be shared with CSD faculty for discussions to provide directions for possible revisions of our curricular mapping. Your input is vital for our program.

The survey should take **less than 1 minute to complete** and can be accessed via the link below. It will be available to you until midnight on **Saturday, May 1, 2021**.

Please let me know if you have any issues accessing the survey. Thank you for your participation!
