Excursion to salt mines in Hallein
The “newer” half of the Old City
Excursion to Vienna
In the background: runners in the Vienna Marathon
Tour of the Austrian Parliament
Emily’s class

Touring the darker side of Salzburg’s past
Last day of the program: The awarding of this year’s Georgs and Konstanzes
This is the ninth time I have directed this program and for the first time, I can’t say that the before and after pictures show a big difference in hair lengths! This group had no fears about going to the hair salon! You can, however, still see the same bigger smiles! This group made great progress with their learning, had lots of fun and interesting experiences with each other and their Austrian partners, and got to see a lot of Europe on their travels. Thanks to Emily for her excellent leadership, instruction, and help and to Sarah as well for her funny class and help with the conversation partners! Thanks to the group for getting along so well, for looking out for each other, and for being a lot of fun! Best wishes for your next German class!
