Farewell Party
2018 is the 50th Anniversary of Ohio University’s study abroad programs in Salzburg and you helped mark it by being a big, diverse, lively, and exciting group. With such a big group, there was no shortage of laughs and fun, alongside, of course, lots of learning and progress with your German skills! Thanks for getting along so well with each other and forming such a tight group, which made this a really enjoyable experience for me and, I hope, for everyone else too. Thanks to Sarah for returning to her role from the 2016 program. I would especially like to thank Judith for all her work as program TA, in particular for giving us a superbly guided tour of Linz! See you in 3110, 3570, or at Stammtisch in the fall!
